

It's **More** Than Renovation...

WELCOME!

Sofitel, Brussels
15th October

Our Ambition

Reduce the Energy Demand of the Existing Building Stock by 80% by 2050 Compared to 2005 Levels

Increase Renovation Rate From 1% to 3% Per Year by 2020 and Maintain that Rate to 2050

Ensure that all renovations are deep or staged deep renovations to avoid “lock-in”

Drive the Formulation and Implementation of an Effective Policy and Legal Framework

The collage features several key elements:

- Twitter Profile:** A screenshot of the @RenovateEurope Twitter account. The bio reads: "Beating the drum across Europe to urge politicians to take serious actions for energy efficiency in buildings". It shows 705 tweets, 135 photos/videos, and 830 followers. Recent tweets include retweets from Alice Corovessi and Fedarene.
- Website Screenshot:** A view of the renovate-europe.eu website. It features a red piggy bank with the text "It pays to Renovate!" and a 3D model of a red house. A banner says "It's More than Renovation... REDay not far away Click a window every day!" with a button "ENTER THE WEBSITE".
- Newspaper Clipping:** An article titled "Editorial" from "The Ukrainian crisis has brought to the forefront the need to reduce the energy demand in the EU, with buildings at EU at a high of 43%." It mentions the RENOVATE EUROPE campaign and its goals.
- Poster:** A poster for "Energy Future 2014" titled "Securing our Energy Future the RENOVATE EUROPE Renovation of Buildings". It lists various participating organizations like CH2M, E.ON, and others.
