

# VISIT OF EXEMPLARY BUILDINGS IN THE BRUSSELS CAPITAL REGION

An initiative of the Brussels Capital Region

**Brussels, October 13 2016**

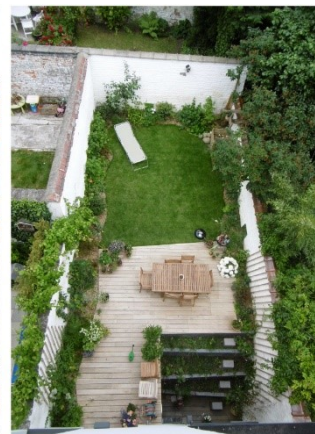

**Visit organized for EuroACE – Renovate Europe Campaign**

**Quai du Hainaut**

**Luther**

	<p><b>Travel by bus</b></p> <p>A full bus of 50 seats allows a considerable reduction of CO2 emissions compared to the use of individual cars. By taking the bus, we will save 54,26 kg of CO2 during our visits.</p>
	<p><b>Waste management, reduction of paper use and use of recycled paper</b></p> <p>Did you know that the production of 500 sheets of paper represents 2,9 kg in CO2 emissions, equal to the emissions of a car running over a distance of 17 km?</p>
