RENOVATE EUROPE

Our Ambition

Reduce the Energy Demand of the Existing Building Stock by 80% by 2050 Compared to 2005 Levels

Increase Renovation Rate From 1% to 3% Per Year by 2020 and Maintain that Rate to 2050

Ensure that all renovations are deep or staged deep renovations leading to an nZEB stock by 2050

Drive the Formulation and Implementation of an Effective Policy and Legal Framework

RENOVATE EUROPE
